CITY SCHOOL BOARD .- A called meeting of the City School Board was held last night; pics ont, Messrs. Beach, Carne, Herbert, Leadbeater, McLean, Marbury, Snowden and Whittlesey, and the Superintendent of schools.

The chairman being absent, Mr. Snowden was elected chairman pro tem., and the minutes of the last regular meeting were read and ap-

The chair laid before the meeting a communication from the University Publishing Co., complaining of the action of the board in adopting other geographics in place of Maury's, and making certain proposition; also, a communication from Mr. C. J. Smith, agent for J. II. Butler & Ce.; also, the resignation of George Washington, e.q., as a trustee from Snewden district, which was accepted and the c'erk directed to rouffy the City Council of the va

Supt. Carne defended the emmittee and himself from the imputation of having broken an implied agreement with the University Pub lishing Co., relative to the retention of Man ry's geographies. The committee had agreed to recommend their retention if satisfactory maps were placed in time for the coming session, but the books were not even yet ready and, surely, there must be time to examine and deeid upon their merits before re adoption. A book only ready August 28th, was not ready for the session in any proper sense. He then briefly explained the regulations about adoption and the effect of a reconsideration of the vote by which Mitchell was substituted for Maury.

Mr. Herbert moved to reconsider the vote by which the report of the committee as amended, was adopted, but the motion was lost. Oa motion the Superintendent was author-

ized to purchase seven sets of Mitchell's Outline Maps and \$105 was appropriated to pay for The Saperintendent then moved to go into an election for teachers of Hallowell and Custis schools, an I said that so agreement having been

made among them for exchange of places, is could be made satisfactory to all parties. He therefore moved that Ida R. Morris be elected principal of Hallowell school, Jennie E. Arnold, lst assistant, Jase A. Cronch, 21 do. and Sarah A. Gray, tereber of Unstis school. Miss Gray's health was much impaired and her amiable dis position, which had led ber to indulge her older pupils too much, would qualify her especially for the charge of the beginners, who needed an able teacher, such as sho was.

Mr. Snowden (Mrj. Herbert in the chair) enquired which we Miss Gray's consent to the arrangement had not been obtained by an idea that she would be superseded altogether. Supt. Carne replied that she had been in-

formed, that such a result was quite possible in consequence of the poor examination passed by Mr. Snowden then moved as a substitute that

all the televers be reclicted to their present positions. He thought the old teachers should be retained, and ind heard that Miss Gray was the victim of persecution from her own race.

The Superintendent withdrew his motion, in order to allow Mr. Showden's to be the original. He keew, he said, how Miss Gray had been per secuted; he had always been, and still was, her friend, and if the board would re elect her principal, he would be gratified personally; but efficially he had found defec s in her teaching and felt bound to recommend the change.

Mr. Beach renewed the Superintendent' motion as a substitute for Mr. Snowden's He the faults spoken of.

The substitute was adopted, and the teachers sected as suggested by the Superintendent.

On motion of Mr. Beach, the communication of Mr. C. J. Smith was referred to the Committee on Studies and Discipline, with power to make a contract with J. H. Butler & Co. on the basis thereof. Oa motion of Superintendent Carne, the

Committee on Schoolhouses and Furniture was authorized to purchase coal for the schools. The board then took a short recess to enable

the committee appointed to investigate the charges against the clerk, to consult, and, on reassembling, that committee asked and ob tained farther time to make their report and the board adjourned.
